

INVINCIBLE II

Penco's Invincible II athletic lockers are an exceptionally attractive and durable choice for gym lockers. Ideal for applications that require a high degree of ventilation and strength, or where visual inspection of locker contents is desired.

STANDARD FEATURES

- Knocked down construction for easy self-assembly or save the labor and order them factory assembled
- Diamond perforations on doors and sides that increase ventilation and provide visual security if needed
- 14 gauge doors provide strength
- Classic III recessed handle on 1, 2, and 3 tier
- Friction catch/door pull on 4, 5, and 6 tier

AT A GLANCE

ABOUT PENCO

Penco's nearly 155-year history of providing a full range of storage solutions, achieves an unmatched level of expertise and innovation of products and high level of customer support.

MATERIALS

Steel: All Penco standard lockers are constructed using prime grade steel free from surface imperfection suitable for powder coating. Alternate material: Prime grade steel shall be fabricated using galvaneal steel and finished in the same manner. Forged steel coat hooks with balled ends and truss fin head bolts and hex nuts will be zinc coated and supplied for all lockers unless otherwise indicated.
