W	D	H	Note	Cat.No.	Price	Per	Wt.	Pkg
---	---	---	------	---------	-------	-----	-----	-----

Stadium Lockers are open front lockers ideally suited for athletic team room use. They are available in several configurations, from a shell with shelf and coat hanger bar, to a fully outfitted unit complete with shelf, lockable security box and lockable foot locker (locks must be ordered separately).

The standard configuration is for the sides (16 GA.) to be perforated with diamond-shaped holes, and for the back (18 GA.) to be solid. The top, bottom, front frame and optional shelf are 16 GA. The gauge of the optional foot locker seat and security box door is 14 GA.

Stadium Lockers are available in KD construction in 72" height only, and no base or legs are available. In Welded construction, the height is 76" only, which includes a 16 Ga. 4" high integral closed base as standard. All Stadium lockers are ONE WIDE construction. *Number plates, hooks, coat rods, door pulls are to be field installed.*

KD Stadium w/ Perforated Sides

NO Base on KD Stadium Lockers. All Stadium Lockers are ONE WIDE.

Patriot® Gear & Turnout Locker Introduction

Patriot heavy duty readiness lockers are ideally suited for military, fire, EMS, police and other first responders.

Patriot Gear and Turnout lockers are available in KD construction (Knocked Down) in 72" height only and in Welded construction with a height of 76" only (which includes a 14 gauge 4" high integral closed base & bottom as standard). No other legs or bases are available. This section covers two basic types of Patriot lockers; Gear lockers and Turnout lockers.

All Patriot Gear and Turnout Lockers include the following standard equipment:

- One-wide construction
- Full width hat shelf at 12" from the top
- Heavy duty 1" diameter, chrome plated coat rod. (Brackets are light gray only.)
- 2 heavy duty hooks mounted on the locker back
- Number plates, coat hooks, coat rods and door pulls (all of which are to be field installed)
- Environmentally friendly powder coat finish. Two-tone finishes are available at no charge, assuming use of standard Penco colors. Any request must be accompanied by a clear description of the combination desired.

Steel Gauges

- 16 gauge diamond perforated sides
- 16 gauge top, shelf and front frame
- 18 gauge solid back
- 14 gauge integral channel base & bottom on welded models; 16 gauge bottom on KD models

Gear Lockers:

- 14 gauge louvered doors
- Cremone-style turn handle - can be locked with a built-in lock or a padlock.
- Double doors on all Gear models over 18" wide, except as noted.
- Continuous hinges on Gear models
- Standard door ventilation is louvers at the top and the bottom

No charge Gear locker options:

- Classic III or Defiant handle on single door models
- Single door on 24" models with turn handle, Classic III or Defiant handle
- Diamond perforations, mini louvers or solid doors

Note Regarding KD Gear Lockers:

Knocked down Patriot Gear lockers measuring more than 24" wide will have their doors packaged separately from the door frame. They will have to be mounted during final assembly using the supplied rivets. This is done to prevent damage and make it easier to assemble the locker bodies.

Cell Phone / Key Tray

The Cell Phone/Key Tray can be attached to the Center Partition or onto the 24" wide Security Box door in pre-punched holes or by using the Accessory Mounting Plate. There are also pre-punched holes in the sides, half way between the standard top shelf and the top of the locker that could be used to mount the tray if they are not being used for other accessories. If none of these options are acceptable field drilling may be required.

Patriot® Duty Locker Introduction

Patriot Duty lockers feature fully equipped interiors with preconfigured compartments and additional private storage designed for the needs of law enforcement and security professionals.

Patriot Duty lockers are available in KD construction (Knocked Down) and in Welded construction. Basic locker frame heights are 60" and 72". With 18" high drawer bases, the overall heights are 78" and 90". No legs are available, however welded models are available with an integral 4" high 14 gauge channel base & bottom, providing overall heights of 64" and 76".

12	3	8		6ACXFF54C	34.00	Ea.	4.0	

Please Note:

Patriot accessories are designed for attachment on site during locker assembly and installation. On welded Patriot models, only the hat shelf will be factory installed. This is done to optimize paint coverage and facilitate interior configuration changes if needed.
