

Z-Rack™

Industrial Grade Hanging Garment Racks

Overview

Penco's industrial grade Z-Racks™ are easy to assemble garment racks that are widely used in the Professional Laundry Industry.

The "Z" shape of these space-saving rolling racks allow them to nestle into another unit, creating more floor space. The long-lasting durability of Penco's Z-Rack™ makes them a clear choice for anyone who needs to move or store large quantities of hanging garments.

Both models have these features:

- Heavy Duty 5" Swivel Casters
- Galvanized Uprights, Hang Rail and Connectors
- Ships Knockdown for Freight Savings
- Easy Assembly
- 14 Gauge Powder Coated Base in Gray

Double Z-Rack

Features

Galvanized steel uprights, hang rail and connectors

Single Z-Rack
