

# PATRIOT®

## Fully Framed Gear Locker - KD

A properly equipped double-door Patriot Gear locker can be the ideal solution for a variety of specialized storage challenges. The ample top and bottom storage areas of the 24 - 48 inch wide and 72 inch high locker leaves nearly four feet between the shelves for hanging uniforms and other gear.

- True fully framed construction offers better rigidity
- Offered in KD or Welded construction
- 4 or 6 inch high Channel Base available
- 72 or 78 inch heights available
- 18 inch depth available with 18 or 24 widths
- 24 inch depth available with 18, 24, 30, 36, 42, or 48 inch widths
- Ultra-Cremone Recessed Handle for a safer, cleaner look and less freight damage
- High degree of configurability

- Compatibility of accessories across all product lines built on the platform
- Ease and of quoting and ordering custom configurations
- Expanded metal steel sides allow for full ventilation
- Solid doors maximize strength and rigidity
- Rigid frame design does not require large frame members at top and bottom of locker resulting in more storage space inside the locker

## Fully Framed Gear Locker - KD

Locker Shell Ordering Guide	
1	Gear, Duty, TA50 and RRDL are ALL WITH Doors
2	Stadium and Turnout are ALL WITHOUT Door
