

PATRIOT®

Fully Framed Turnout Locker - WELDED

The key to any turnout locker is the ability to grab and go. The Patriot Turnout Locker puts everything from flight gear to EMS equipment within reach. The Patriot Turnout Locker shares the same heavy-gauge steel construction as the Gear and Duty lockers but have an open front and smooth frame, allowing users to retrieve equipment in a flash.

- True fully framed construction offers better rigidity
- 4 or 6 inch high Channel Base available
- Offered in KD or Welded construction
- Order Welded for factory assembled locker
- Open front and hemmed frame
- 24 inch deep available in 18, 24, 30, 36, 42, or 48 inch widths
- 18 inch deep locker available in 18 or 24 inch widths
- Available in 72 or 78 inch heights
- Number plates mount to the shelf face for easy visibility

- Compatibility of accessories across all product lines built on the platform
- Ease of quoting and ordering custom configurations
- Expanded metal steel on each side of this tactical gear locker allows for full ventilation. Solid doors help maximize strength and rigidity
- Rigid frame design does not require large frame members at top and bottom of locker resulting in more storage inside the locker

PATRIOT®

Fully Framed Turnout Locker - **WELDED**

Locker Shell Ordering Guide	
1	Gear, Duty, TA50 and RRDL are ALL WITH Doors
2	Stadium and Turnout are ALL WITHOUT Door
3	Lockers over 24 inches wide are only available in 24 inches in depth
4	If ordering 78" high lockers - Diamond Sides are NOT available
5	ALL Turnout lockers are 1 Tier
6	ALL Turnout lockers are 1 Wide
7	Both KD and Welded Turnout lockers are available with channel base
8	Turnout lockers are totally configurable, for that reason, hat shelf and coat rods need to be order separately

Patriot **TURNOUT - Welded** Locker Part Number Identification Matrix

T	W	#	#	#	*	*	N
Product	Type	Width	Depth	Height	LH Side Vent	RH Side Vent	Channel Base

Product	Type	# Width	# Depth	# Height	* LH Side Vent	* RH Side Vent	* Channel Base	
T = Turnout	W = Welded	18	18	72 and 78	D = Diamond (see # 4 above)	D = Diamond (see # 4)	4 = 4 inch high	
			24					
		24	18		24	E = Expanded	E = Expanded	6 = 6 inch high
			30					
			36					
			42					
48	S = Solid	S = Solid	N = No Channel Base					

Part Number Examples:

TW422472SEN	Turnout - WD - 42" wide x 24" deep x 72" high - Solid LH Side - Expanded RH Side - No Channel Base
TW302472SS4	Turnout - WD - 30" wide x 24" deep x 72" high - Solid LH Side - Solid RH Side - 4" Channel Base
