

PATRIOT®

Fully Framed Duty Locker - **WELDED**

Penco's Patriot Fully Framed Duty Locker was built with law enforcement in mind. With a 14-gauge welded shell and 16-gauge drawer, the Duty locker provides no less than 3.4 cubic feet of usable storage in the drawer base alone. The 33 or 36 inch deep base optionally accepts individual or continuous lengths of hardwood locker benches for seating.

- True fully framed construction offers better rigidity
- Offered in KD or Welded construction
- 78 or 90 inch heights available
- 18 or 24 inch widths available
- Ultra-Cremone Recessed Handle for a safer, cleaner look and less freight damage
- High degree of configurability

- Compatibility of accessories across all product lines built on the platform
- Ease and of quoting and ordering custom configurations
- Rigid frame design does not require large frame members at top and bottom of locker resulting in more storage space inside the locker

PATRIOT®

Fully Framed Duty Locker - **WELDED**

Locker Shell Ordering Guide

1	Gear, Duty, TA50 and RRDL are ALL WITH Doors
2	Stadium and Turnout are ALL WITHOUT Door
3	ALL Gear lockers come with ONLY the Ultra Cremone Recessed Handle. No other handle is available at this time.
4	All 18" wide Gear lockers are single door only. All 24" wide Gear lockers are available in both single door and double door. ALL lockers over 24" wide are Double Door and Ultra Cremone Recessed Handle ONLY.
5	Ordering a Duty locker means a Drawer Base Unit will be provided, if drawer base is not needed order a Gear locker. Examples: 90" high locker is a 72" locker with an nominal 18" high drawer base. 78" high locker will be a 60" locker with an nominal 18" high drawer base.
6	ALL Duty lockers are 1 Tier
7	ALL Duty lockers are 1 Wide
8	ALL Duty lockers come with a Drawer Base Unit

Patriot DUTY - Welded Locker Part Number Identification Matrix

D	W	#	#	#	S	S	*	*	*	*		
Product	Type	Width	Depth	Height	LH Side Vent	RH Side Vent	Drawer Base Extension	Door type	Handle Type	Door Vent		
											10	Duty lockers are totally configurable, for that reason, hat shelf and coat rods need to be order separately
											11	When ordering a Front Extension for the drawer base unit the final depth of the base wil be as noted below:
											11a	Drawer base unit with a 9” extension on an 18” deep locker will be 27” deep and on a 24” deep locker it will be 33”
											11b	Drawer base unit with a 12" extension on an 18" deep locker will be 30" deep and on a 24" deep locker it will be 36"

Product	Type	# Width	# Depth	# Height	* LH Side Vent	* RH Side Vent	Drawer Base Ext	* Door Type	* Handle Type	* Door Vent
D = Duty	W = Welded	18	24	78	S = Solid	S = Solid	N = 9" front extension (See #9 above for details)	S = Single	C = Cremone	D = Diamond
				90			E = 12" front extension (See #9 above for details)	D - Double		S = Solid
		78		L = Louvers						
		90								
Part Number Examples:										
DW182478SSNSCL				Duty - Welded - 18" wide x 24" deep x 78" high (means 60" lkr with 18" high Drawer Base) - Solid LH Side - Solid RH Side - (N) 9" Front Drawer Extension - Single Door - Cremone Handle - Louver Door						
DW242490SSEDCS				Duty - Welded - 24" wide x 24" deep x 90" high (means 72" lkr with 18" high Drawer Base) - Solid LH Side - Solid RH Side - (E) 12" Front Drawer Extension - Double Door - Cremone Handle - Solid Door						

9	Duty lockers are NOT available with channel base because of the drawer base unit
10	Duty lockers are totally configurable, for that reason, hat shelf and coat rods need to be order separately
11	When ordering a Front Extension for the drawer base unit the final depth of the base will be as noted below:
11a	Drawer base unit with a 9" extension on an 18" deep locker will be 27" deep and on a 24" deep locker it will be 33"
11b	Drawer base unit with a 12" extension on an 18" deep locker will be 30" deep and on a 24" deep locker it will be 36"
