

STANDARD LOCKER SERIES

Vanguard™

STANDARD FEATURES

- Knocked down construction for easy self-assembly, or order factory assembled to save labor.
- Louvers help reduce odors and moisture buildup while providing privacy. Other ventilation options available.
- Classic III recessed pockets eliminate protruding handles and accept multiple lock styles.
- Available with Champagne Common Color bodies or a single full color as an additional upgrade.
- Lightweight 24-gauge body parts.
- Friction catch/door pull on 4-, 5-, and 6-tier lockers.
- Rigid, durable 16- or 18-gauge doors.
- Select sizes are available through QuickShip.

AT A GLANCE

ABOUT PENCO

Penco's long history of providing storage solutions reflects its product expertise, innovation, and commitment to customer support.

MATERIALS

Steel: All Penco standard lockers use prime grade steel, free from surface imperfections and suitable for powder coating.

Alternate Material: Prime grade galvanneal steel is fabricated and finished in the same manner. Forged steel coat hooks with balled ends, truss fin head bolts, and hex nuts are zinc coated and supplied for all lockers unless otherwise indicated.

STANDARD LOCKERS

- Multi-Point Latch Doors: ADA compliant; accepts combination locks, key locks, and padlocks.
- Hinges: 2-inch-high, 5-knuckle hinges. Continuous hinge options available.
- Ventilation: Louvered doors promote airflow; other ventilation options available.

4 Tier | 5 Tier | 6 Tier

FINISH

High-quality powder coat finish is applied to the paint manufacturer's specifications for optimum appearance and performance. Finishes releasing VOCs are not acceptable. Standard coating thickness is a minimum of 1 mil dry film. Powder Coat Plus increases this to a minimum of 2 mil. Select from the manufacturer's standard colors.
