WIDE SPAN | MATERIAL HANDLING / SHELVING

AT A GLANCE

ABOUT PENCO

Penco's long history of providing storage solutions reflects its product expertise, innovation, and commitment to customer support.

STANDARD SHELVING

Wide Span provides flexible storage for bulky hand-loaded items. Choose steel shelves or plywood beams for applications ranging from a single unit to multi-level picking systems.

POST OPTIONS

Welded upright frames combine heavy-gauge steel posts, braces, and footplates in one rigid assembly. Multiple heights and depths are available.

FINISH

A high quality powder coat paint finish is applied in strict adherence to paint manufacturer's specifications to provide optimum appearance and performance. Finishes releasing VOCs are not acceptable. Standard coating thickness is 1 mil dry film thickness minimum. Select from the manufacturer's standard colors.

ADDITIONAL OPTIONS

Accessories include frame splices, tire rack beams, and row spacers.

SHELF/BEAM OPTIONS

STEEL SHELVES

Smooth steel shelves feature reinforced construction.

HEAVY-DUTY PLYWOOD BEAMS

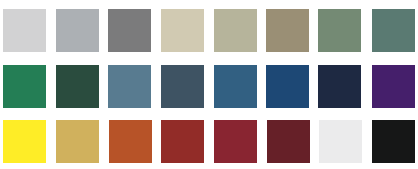

Designed for greater load capacity with separately ordered supports.

STANDARD PLYWOOD BEAMS

Support 1/2-inch decking with the appropriate support angles.

Decking and plywood supports are ordered separately.
